# Habitat Happenings

## Rock the Block 2023!

It's almost here.

Rock the Block is August 26, 2023. This year we will be doing home repairs and projects that range from Lincoln Avenue to Glenwood, and Stone Street to the Haynes Park Area. We need you!

Volunteers can reach out to Kara or Joyce (contact information below). Join us to help families in our community repair and beautify their homes and neighborhoods.

We of course are also looking for event sponsors to help with the costs of the repairs. Sponsorship opportunities and levels are listed below. Sign up for a team or become a part of one. This is a fun community event with our partners, the Blue Water Area Chamber and the City of Port Huron Parks and Recreation. This successful program event has helped several community areas; parks

and served over 35 families. We cannot accomplish this without fantastic volunteers like you and the support of our generous sponsors.

Please join us.

## Our New Build and Partnership Projects

Blue Water Habitat is busy with upcoming repair projects and our current build project. But friends, we also partner with many organizations, two of which we recently helped with their repair projects. We partnered with Hunter Hospitality House to repair the ramp at their Lincoln Ave. property. We also partnered to help remove the old fence and put up a new at the new Mid City Nutrition Program build site. We at Blue Water Habitat believe in serving families and also partnering with other non-profits to serve families in other ways. Please see the photos in this article.

Our new build on Lapeer is well underway. Volunteers are working weekly to help build the new home for our most recent family. We encourage you to drive by, sign up to volunteer or donate to the project. Your help in any capacity will ensure the completion of this home and offer affordable housing solutions to families in the Blue Water Area.

## How Can I Help?

Great question. The answer is easy. **Shop, Donate, Volunteer!**

Doing any one of these is how we succeed. If you Shop at our ReStore the proceeds from each sale go directly back into our local program. The funds are used to build homes, perform home repairs, and reduce overhead costs.

You can also Donate to our ReStore, which provides the resources and revenue to feed our program. We willingly accept cash donations as well, which is the greatest way to place more families into energy efficient homes.

And of course, you may Volunteer at both the ReStore and our build sites. Volunteers are always needed at the ReStore, Monday through Saturday with many different opportunities. Construction Volunteers are needed as we build the Lapeer project. Whether you are a skilled builder or wanting to learn while you help we would be thrilled to have you. We also have opportunities to volunteer in our administrative offices.

Please join us and try the Trifecta. *Shop. Donate. Volunteer.* We appreciate You!

Are you working on a remodel? Stop into the ReStore for all your material needs!

Everything from cabinets and doors to all your finishing touches!

And don't forget about our reclaimed wood products! Featuring Tervol's Wood Products and Raven Farm Recycled Woodworks.
