Fall 2024
Volume 6, Issue 4

Rock the Block (again and again and again)

Yes, we sure had some delays in our Rock the Block 2024, but Blue Water Habitat for Humanity, its volunteers, sponsors and staff persevered. Praise to all. To those who were originally scheduled to volunteer, thank you for your continued support and your understanding. The blessing in all the rescheduling changes was that 2 more homes and families were able to be added in during the several weeks and were able to get projects done on their homes. GOOOOOOOO Team Habitat!

Rock the Block of course happened over several days in multiple weeks. Because of this of the originally 120 volunteers that were slated for the one-day event became a different number. That number, however, was still amazing with almost 80 volunteers participating over the scheduled days. Our hearts were filled with joy to still have so many dedicated people help us help others. Blessings to all.

Originally 10 homes and families were scheduled to be served. Because of the

Before

After

schedule change that number increased to 12. Without our volunteers, sponsors and partners, this large-scale project could never have happened. (Cont'd pg. 2)

Before

After

We very much consider our team to include our partners. The Blue Water Chamber and the City of Port Huron are instrumental in our success with Rock the Block annually as well as throughout the year. Thank you, Team Partners, for your commitment to Blue Water Habitat for Humanity. A special Thank you to Mayor Pauline Repp for rescheduling to do our opening 3 times and for doing so on the final start date, delaying your departure for a state convention you were attending.

you, my friend. Love from Habitat, the City and Me!

We are already planning Rock the Block 2025 and look forward to working with our partners, sponsors and volunteers. Thank you again and again for the success of Rock the Block 2024.

You are a dedicated servant to this city and many nonprofits in St. Clair County. I am proud to know you and to call

BLUE WATER HABITAT
